1929 INTRODUCTIONS (All Are Net)

VARIETIES

BIG CHIEF, H. D. (Success)—This is the largest dahlia that we have introduced, having exhibited only once. We won the first prize in a strong seedling class and the largest dahlia in the show, defeating such dahlias as Jane Cowl, Alice Whittier Siskiyou and other good ones. Color, rich autumn shades general effect is salmon-buff. Immense flowers are carried erect on long, stiff stems. Very free bloomers, Four feet.
Rooted Cuttings, \$4.00

COQUETTE, D. (Fisher & Masson)—An oddly shaped, fascinating combination of colors. This Coquette is Spanish for the flower is bright red with golden tan tints and reflexes. It is a large flower. The description implies a likeness to Jersey's Beacon, and while the colors are very much the same, the shape of the flowers is entirely different.
Rooted Cuttings, \$2.50

CITY OF NEW YORK, D. (Daybreak-Scheepers)—One of the favorites in general approval at the New York show and a beautiful flower. Color is pale golden amber with pastel salmon blushes and tints beginning about halfway on each petal, and shading to a rich, almost pure salmon color at the edge of the petals. One of the finest vases of the season was the vase of this flower at New York.
Rooted Cuttings, \$3.00

EVA L. QUADLING, H. D.—The largest and deepest pure red dahlia. Exhibition and commercial cut flower.
Rooted Cuttings, \$5.00

FLORENCE KLEIN, D. (Fisher & Masson)—A large flower of bright, orange copper. It was not shown in competitive classes this year, but it has the qualities of a great exhibition flower. Public interest in this flower was somewhat side-tracked by its sensational companion Kathleen Norris. One of the largest of the new dahlias.
Rooted Cuttings, \$2.50

FORDHOOK MARVEL, D. (Burpee)—Attracted a great deal of attention at New York, and if the visitors to that show could see it growing they would be even more impressed. It is a bright, rich, salmon shading to terra cotta red. A dahlia that ought to win its share of prizes in the next few years, as it can be grown and exhibited in perfect condition. It is a big, bold fellow.

Rooted Cuttings, \$2.50

GOODNIGHT, D. (Broomall)—This is well named. Color, ox blood red shaded maroon. Larger than Shirley Shaw. Mr. Broomall says it is one of his best and a joy to look at.

Rooted Cuttings, \$6.00

KATHLEEN NORRIS, D. (Fisher & Masson)—The most sensational dahlia of the 1928 season. A large, long stemmed, wide petalled flower of rich, bright pink, with pastel shadings, and over the whole a suggestion of silver. Comments are unnecessary in view of such a record, save to say it is a thrifty grower. Man O'War did not qualify more impressively as a champion than this thoroughbred flower.
